

## COUNCIL COMMITTEES.

Two Interesting Sessions held Yesterday for Business

## OF GREATER OR LESS IMPORTANCE.

The Committee on Streets, Alleys and Grades, Accompanied by Interested Persons, goes over the Suggested Route for a Track up Market Street. The Main Street Double Track Sided up—Police Committee Problems.

Yesterday afternoon the members of the council committee on streets, alleys and grades, with General Manager Jolly and Judge Jacob, counsel of the street railway company, Clerk Hanks, and one or two other members of council and interested persons, inspected the routes proposed for the street car track in North Wheeling. They made a very thorough examination of all disputed points until, on the return trip, the rain put a damper on them.

The first point at which a stop was made was Seventh street. This grade from Main to Market is over 10 percent, while the Main street hill is 8 and a fraction. The sudden curves at the top and bottom, however, are the main danger. The main objection by the committee, however, seemed to be that a loop reaching only to Seventh street would do no good.

Fifth street was next looked at. It has all the objections encountered at Seventh, and is even steeper.

It was suggested at once that the tracks cut across lots from Market to Coal, but on an examination this was dismissed as impracticable. It was also somebody's idea that the company might buy the North Street M. E. parsonage and widen the street so as to go on up Market. This route the pedestrians followed. Fourth street would not do; all saw that. Market above that point is too narrow for a wagon to pass a car, is sinuous as a snake, and a constant series of rises and falls. At places cleats have to be nailed to the board walks so that one can walk on them. At one place a man has to lean 'way back and dig his heels in, and not far away has to bend his knees and hold on hard to keep from slipping back.

The final slope down into Jonathan's ravine is above a fifteen per cent grade. A horse can scarcely hold an empty light wagon back there. All a street car could do would be to go to the top of that grade and fall off.

All sorts of trestling schemes were suggested. On the way down Main the track room was measured, and it was found that at the narrowest place there would be eight feet on each side of a double track. This narrow place is short, the general width being fourteen feet on each side.

The committee took no action, but will meet Monday evening for that purpose.

**THE POLICE COMMITTEE**  
Talks about Hats, Salaries and Workhouse Prisoners.

The council committee on police held a long winded session last evening, most of which was spent in debating whether to buy a \$2.25 or \$2.50 light summer helmet for the force. Each member seemed determined to show what he did not know about hats, and when all had succeeded, the committee voted to recommend to council that the chief be allowed to buy them where he saw fit at \$2.25.

Bills on account of the police were paid to the amount of \$113.13, and on account of the city prison \$90.14.

A question arose why the chief should receive \$1 for each dog he killed. In April 37 he killed by the force. It was stated that this was in accordance with the ordinance, and the bill was paid. There was some talk of recommending a repeal of the ordinance, but no action was taken.

The superintendent of the workhouse reported that there were 13 prisoners April 1, 27 received in the month, making a total of 40; one escaped, 15 got out by expiration of their terms, 13 were released by the mayor and chief, and 11 remained May 1.

The patrol wagon drivers' petition for an increase of salary from \$50 to \$65 a month, the same as the police, was sent back to council with the recommendation that it be referred to the finance committee.

Mr. Farrell wanted to know of the superintendent of the workhouse if the men were doing any work, and if so why he did not report it. He said many people thought if the workhouse did not pay expenses, it would better be abolished.

The committee adjourned without action.

## WANTED IN WAYNE.

Two Suspicious Looking Characters Arrested who may be Wanted Elsewhere.

What may prove to be two important arrests were made yesterday afternoon by Officer Fitzgerald on the South Side. The officer observed two suspicious looking characters loitering around the Baltimore & Ohio yard, who partly answered the description given of two men wanted for safe cracking and burglary at Wayne Court House, on the Norfolk & Western, in the lower end of the state, when arrested the men gave their names as John Miller and William Kelly. They had in their possession tools such as are used by professional crooks. They were given a hearing before Squire Gillespie at the jail office in the afternoon, and held to await the arrival of an officer from Wayne.

## "Only a Farmer's Daughter."

Jeanie Voorhes who appeared as the star in that beautiful domestic drama "Only a Farmer's Daughter" last night, scored a strong and immediate hit. In some of her strong scenes she carried the house into wild enthusiasm and again convulsed her audience with laughter.

The play is well known as one of the oldest and best American plays. The company is exceptionally good. Matinee this afternoon and last performance to-night, at the Grand.

## Fine Blooded Stock.

Frank Phillips, of Rock Side, was in Moundsville yesterday to receive a consignment of fine horses from Kansas. The horses were imported from Europe and several of them have good records for speed. With the horses came a pair of fine imported English fox terriers.

The first trial of Dr. Wood's Norway Pine Syrup will satisfy any one that the lung-healing virtue of the pine tree has now been refined into an effective and convenient cough medicine. Sold by all dealers on a guarantee of satisfaction.

To-night only: Choice of any of our \$1.50 Gauntlet Glove for 98c a pair. Geo. M. Swock & Co.

## PENITENTIARY AFFAIRS.

The Board of Directors Completes Its Work and Adjourns.

The penitentiary directors completed the work of this session and adjourned yesterday. Mr. Friend Cox, of Moundsville who was unsuccessful in his efforts to be re-elected clerk of the institution, was elected treasurer. It has been customary, heretofore, to elect the local director treasurer, but this rule was set aside.

The MacCorkle crowd has been after the scalp of Mr. Cox ever since he took an active part in the fight for Bennett's nomination, and they succeeded in nominating him for the clerkship. It seems a little odd, then, that he should be elected treasurer. It is said by those who ought to know that if the inside history were known it would not seem so strange. The fact is that there were several applicants for the place, and the board found itself in a rather close place. Mr. Cox was not chosen because he was wanted, but in order to relieve the board of doing something else. Of many evils the worthy directors took the least; besides, Mr. Cox will hereafter be expected to face about and drill with the MacCorkle crowd.

William Fitzsimmons, of Wetzel county, and S. Roberts, of Wayne, both of whom have been members of the guard force for some time, were dropped.

The following new guards were appointed: J. Williams, of Raleigh county; Leap, of Wetzel; Robertson, of Barbour; John O'Kane, of Randolph; M. F. Stalkner, of Braxton; M. T. Barrett, of Harrison, and W. B. Carder, of Kanawha.

There are many sore spots over the work of the board, especially the clerkship matter, and some very loud "cuss words" have been spoken.

## IMPORTANT MEETING TO-DAY.

Matters of Vital Interest to the Business Community.

An official call appears in another column of this morning's paper for a meeting of the chamber of commerce at 3 o'clock this afternoon. The primary object of the meeting is to take action in reference to the proposed change of schedule on the Baltimore & Ohio road in the middle of this month. The schedule as it has been unofficially given out is about as unsatisfactory to the business men in all lines in this city as any one that could be devised, and action cannot be taken too promptly if it is expected to do any good. It is to be presumed that every member who can be on hand will be.

At this meeting, also, the proposed Columbian celebration of the Fourth of July will be brought up for the action of the chamber, and one or two other matters of interest and importance will be broached.

## THE MAIL SERVICE.

Former System of Transfer to Bridgeport to be Restored.

As a result of the official visit to Wheeling of John Masten, assistant general superintendent of the railway mail service, it is probable that on and after next Monday the old system of transfers of mail between the Wheeling office and Bridgeport and the C. & P. stations by wagons, will be restored. Mr. Masten, after looking over the ground, recommended that this be done. He left for Columbus, Ohio, yesterday, accompanied by Division Superintendent Bradford, who was here to arrange for weighing the mails on the Terminal system.

Charles Bosley has been appointed weigher to weigh the mails on the Terminal system, preparatory to making the annual contracts. The work is to commence next Monday.

## Pleasant Children's Party.

The home of Mr. and Mrs. Joseph Spield, on Chapline street, was the scene of a very pleasant children's party last evening, given in honor of their youngest son, Jesse, on his fourteenth birthday. The evening was spent in a delightful manner by the young folks, dancing to the music of Prof. Killmyer, and in various other forms of amusement. At a seasonable hour tempting refreshments were served. About twenty couples were present.

## Laying the Big Main.

The work of laying the new thirty-inch water main from the pumping station up the river to the basin on the hill will be begun Monday. The work cannot progress south of the Top mill until the grade of Main street is established there. Where to place the main on North Main street is a difficult problem, as that street is now nearly entirely occupied by water, artificial and natural gas mains and sewers.

## The Spoilsman and the Pivot.

West Virginia politicians are smart. They have kept that state on a pivot politically for several years and no matter which party wins in a national contest, West Virginians succeed in claiming more attention than New York. So far as big plums are concerned the Republicans have fared best, but they all fare well by keeping the state in the uncertain column. That's a big card for spoilsman to play.

## Watts Sworn In.

CHARLESTON, W. Va., May 5.—Yesterday General C. C. Watts appeared in the United States district court and presented his commission as United States attorney for the district of West Virginia and took the oath of office. General Watts began his labors as district attorney this morning. S. S. Vinson, of Cereko, Wayne county, who was appointed United States marshal for the district of West Virginia, is in the city, but he will not take charge of his office until after the present term of the United States court.

LOUISVILLE, Ky., May 5.—Louisville-Pittsburgh game was postponed on account of wet grounds.

## THE SWITCHMEN'S STRIKE.

All the Pan-Handle Men Go Out in the Columbus Yards.

COLUMBUS, O., May 5.—All switchmen in the Pan-Handle yards went out on a strike this morning. About forty men picked up along the line arrived early and with some clerks and other persons are working the switches.

## Dun's Trade Review.

New York, May 5.—R. G. Dun & Co.'s weekly review of trade says: Had business in Wall street been unsound or unhealthy, the collapse of prices during the past week might have caused a panic. Nearly all stocks fell but the industrials were most seriously depressed, and while the average decline in stocks was about 50 per cent for the week Cordinge fell 43 points, sugar 40, and Manhattan 26. Several failures occurred without general disturbances and the appointment of receivers for the Cordinge company was in some sense a relief. Other speculative markets are on the whole rather stronger than a week ago.

At nearly all points the backward season and bad weather, with slow collections, give cause for complaint. At Pittsburgh the iron trade is still more depressed, but business in glass is fairly good.

The iron trade shows no improvement. There is pressure to sell from the west. Southern sold at \$8.50; Birmingham and Bessemer has fallen to \$13.40. At Pittsburgh, bar is cut again, and structural iron is slow. Sales of 15,000 pounds of lake copper to American consumers at 11c are reported; tin and lead are weak, and coal dull. The failures for the week amount to twenty-four.

## WORLD'S FAIR RATES.

To Chicago, Ill., Via the Baltimore & Ohio Railroad.

On April 25 to October 31 the Baltimore & Ohio railroad will sell excursion tickets to Chicago, Ill., at very low rates on account of the World's Columbian Exposition, to be held May 1 to October 31, 1893.

Tickets will be good for return passage to and including November 5, 1893.

## Good Family Medicines

Hood's Sarsaparilla and Hood's Pills.

"I regard Hood's Sarsaparilla and Hood's Pills, the very best family medicines, and we are never without them. I have always been

A Delicate Woman

and began taking Hood's Sarsaparilla three years ago for that tired feeling. It built me up so quickly and so well that I feel like a different woman and have always had great faith in it. I give it to my children whenever there seems any trouble with their blood, and it does them good. My little boy likes it so well he cries for it. I cannot find words to tell how highly I prize it. We use Hood's Pills in the family and they

Act Like a Charm

I take pleasure in recommending these medicines to all my friends, for I believe if people

Hood's Sarsaparilla

would only keep Hood's Sarsaparilla and Hood's Pills at hand we do, much sickness and suffering would be prevented." Mrs. L. TOWNSEND, Rising Sun, Delaware.

Hood's Pills not easily, yet promptly and efficiently, on the liver and bowels. 25c.

## ASSIGNEE'S SALE.

By virtue of a deed of assignment made by Wm. B. Humes to me as assignee dated the 23 day of May, 1893, and recorded in the office of the clerk of the county court of Ohio county, West Virginia, in deed of trust book 37, page 1, I will sell at the billiard rooms on the second floor of the building on the northwest corner of Twelfth and Market streets (entrance No. 115 Market street), Wheeling, W. Va., on SATURDAY, the 20th day of May, 1893, commencing at 2 o'clock p. m., the following described property, viz: Five billiard and two pool tables, with balls, cues, racks and attachments, one cash register, one gas stove and attachments, two dozen chairs, one lot of gas fixtures, one stove and counter and one folding desk. Billiard balls will be offered as a whole and separately and sold in whichever way they will bring the most money.

Terms of Sale.—One-half of the purchase money in cash and balance in six months, the purchasers to give negotiable promissory notes, bearing interest, with satisfactory personal security.

T. J. HUGHS, Assignee.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
